

Chair and sofa care

Spills & stains

Act quickly! Remove with cold water and a clean cloth.

Then dry.

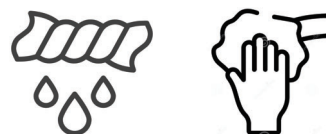

General care

1. Remove dust, crumbs etc with a vacuum cleaner or soft brush.

2. Wipe with a clean, damp cloth.

Warning!

Do **not** use cleaning wipes or standard household cleaners (solvents, chemical agents, waxes or polishes) on your chair/sofa.

Repeated use of wipes or chemicals may cause cracking and peeling of vinyl. **If this happens you could be charged for a replacement chair/sofa.**
